

MASKED BANDITS

Hold Up a Passenger Train Near
New Orleans.

THE EXPRESS CAR IS ROBBED.

Engineer and Fireman Forced to Aid
in the Job—About Two Thousand
Dollars Secured by the Robbers.
The Passengers Not Molested.

NEW ORLEANS, La., April 15.—The Times-Democrat's McComb City special gives the following particulars of the Illinois Central train robbery: The Illinois Central train No. 2 was held up and the express car robbed between Arcola and Pangloss about 9 o'clock Wednesday night by five masked men. One man got aboard of the engine at Hammond, held up the engineer and fireman with guns and told them to do as they were ordered. The train went on the side track at Independence to meet another train. Soon after leaving Arcola the man on the engine ordered the engineer to stop. Several men were waiting the train at this point; then the masked man forced the engineer and fireman to go to the express car and order the messenger to open the doors. The messenger did not do so, and entrance was effected from the west side of the car.

The robbers kept every one inside of the coach and sleepers until their work was completed. Neither the passengers nor mails were disturbed. After the highwaymen were through with the robbers, they made the engineer cover his headlight and back down about 200 yards, when they ordered him to go ahead. No one on the train can give a good description of the robbers. They were apparently young men, two of them had full beards, and all were poorly dressed. On entering the car they assaulted the baggage master by striking him on the side of the head with a revolver, saying he was with the expressman and that he had the money. He pleaded with them, and they did not harm him any more. Only about \$2,000 was taken. Every effort is being made to catch the robbers.

THE TEACHERS' ASSOCIATION.

Interesting Exercises at the Monthly Meeting Yesterday Afternoon.

The regular meeting of the Wheeling teachers' association was held in the hall of Clay school yesterday afternoon, with Superintendent Anderson in the chair. Music was furnished by a class of pupils under the efficient leadership of Miss Robinson, Miss Reymann at the piano. "The Heavens are Telling" and "Flag of the Free" were rendered with spirit and taste. Miss Clohan, of Clay school, read a paper on "True Patriotism." The duty of the teacher to inculcate the highest ideas of citizenship was presented forcibly. Miss Anderson, of Union school, presented a paper entitled, "The Progress of Ohio County Schools." This production received the closest attention of all present. In it was incorporated a history of Morgan school, in this county. It was an able and interesting paper.

Sleep on Left Side.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at Logan Drug Co's. Thousands testify to its value as a cure for heart diseases. Mrs. Chas. Boney, Loveland, Colo., says its effects on her were marvelous. Elegant Book on Heart Disease free.

THE Y. P. S. C. E.

An Interesting Program Announced for the Union Meeting next Monday Evening.

The eight Young People's Societies of Christian Endeavor of the city, through the Wheeling Christian Endeavor Union, will hold a Union meeting at the First Presbyterian church on Monday evening at 7:45 o'clock. The meeting will open with a praise service conducted by members of the entertaining society, after which the following topics will be taken up for discussion: "The Consecration Meeting," "Junior Society Work."

"Working for the Associate Members."

"Relation of Members to the Church Services."

Each topic will be opened by an address or paper lasting seven minutes; a free parliament will be conducted for ten minutes by the person making the opening address, in which everybody may participate.

Rev. R. B. Whitehead, of Fairmont, president of the state C. E. Society, was in the city this week in consultation with the Wheeling societies in regard to the state convention to be held at Parkersburg July 26, 27 and 28, and the international convention to be held at New York July 7 to 10. The indications are that there will be no less than twenty-five thousand persons in attendance at the New York convention, and Wheeling will do her part towards making up this number. The Endeavorers from West Virginia will probably go to New York on a special train, or at least in their own cars, and negotiations are now going on with the railroad officials for the trip. A rate of one fare for the round trip has already been secured.

A sunrise Easter service will be held by the Young People's Society of Christian Endeavor of the First English Lutheran church to-morrow morning at half past six o'clock, to which they have invited all the Christian Endeavorers of the city.

EVANGELIST VAN PELT.

He Preaches an Interesting Sermon—His Work Ends To-morrow.

There was another interesting service at the Disciples church last night. Evangelist Van Pelt preached on "Positive Divine Commands."

There were two confessions at the close. There will be no service to-night. Sunday morning and evening's services will close his labors here. There have been over thirty who came forward for membership in the church since the meetings began. He showed in his sermon last night that the gospel is perfect for the salvation of man, that there is no true virtue till it is tested. Man has always been a subject of law. Every law has a penalty commensurate with the law, and every command a promise. Remove the penalty and many men will be lawless.

Man cannot be punished in this life for sin against the spiritual law. It is not that there was virtue in the waters of Jordan to heal Naaman, or in the brass serpent to heal the bitten Israelites, or the shouting or marching that brought down the walls of Jericho. It was obedience to God's commands. Will you then slight God's last positive divine command, to go into all the world and preach the gospel to every creature? He who believeth and repenteth and is baptized shall be saved. He that believeth not shall be damned.

PLEASANT ENTERTAINMENT.

Lincoln Council Presents a Fine Program at G. A. R. Hall.

At G. A. R. hall last evening a very pleasant musical and literary entertainment was given under the auspices of Lincoln Council No. 28, Jr. O. U. A. M., and the performances were enjoyed by a good crowd. The Premier banjo, mandolin and guitar club opened the programme with a fine selection, which was rapturously enjoyed. Miss A. Rath Hall recited "Home, Sweet Home," and Mrs. Oscar Seely sang a solo, which was enthusiastically received. An instrumental duet by Miss Emma Harris and Mr. E. G. Kies, a vocal solo by Miss Zou Hastings, a banjo solo by F. C. Meyer, a vocal solo by Mrs. M. A. Hall, a recitation by Miss Gail Holliday, a whistling solo by A. G. Kies and club singing by G. M. Marshall, made up a very creditable and enjoyable performance, of which the council may feel proud.

Go where you will, you will find people using Dr. Bull's Cough Syrup, and sounding its praises.

IS SPRING A FAILURE?

MANY PEOPLE FEEL THAT IT IS.

If It is not so Joyous as It Once Was
Is It Not Your Own Fault?

You wrote a composition when you were a child in school beginning, "Spring is the pleasantest season of the year," and so it was then. There was every reason why it should be pleasant to you. You were in good health. "Life beat high" within you. You had sentiment, ambition, happiness. The winter had passed, the flowers were blooming, the birds were singing. Certainly spring was to you then "the pleasantest season of the year."

But how is it now? Do you feel the same joyousness, happiness and anticipation that you did then? Are you filled with hope, or, possibly, are you weak, languid, despondent, depressed? Perhaps your head aches, you feel tired, and there is a lack of all interest and joy in life where once in the springtime all was anticipation and happiness.

Do you know the reason for this change? It is because you are not well, because your vitality is not so great as when in your teens. Do you know what you need? Something to help you; something which will prove "a friend in need;" something that will restore you and place where you were in youth, which will make life pleasant and happy, and which will again make "spring the pleasantest season of the year."

Do you know what will do this? We will not attempt to tell you, but will show you what others have done, and which you may do if you follow the same wise course pursued by them. Read their words:

Dr. A. C. Clark, a well-known New York physician, says: "I have never known a case of spring debility, spring fever, or any of the troubles which arise during this season which has not been promptly and permanently cured by the use of Warner's Safe Cure. Its power at this time of year is wonderful. I have seen women, run down by care and overwork; men whose vitality was exhausted, and even puny children restored to perfect health through its use."

Mrs. M. M. Simonson, of Buckley, Mo., says: "My daughter, who was once the perfection of health and happiness, was for years afflicted with kidney and liver disease, complicated with scrofula, the hip joint being affected. She became so bad that the doctors wanted to unjoint the hip. I would not consent to it, and began administering a remedy which I had heard much about, and I am happy to say she is now cured, well and healthy, by the use of Warner's Safe Cure."

Mr. B. E. Mayo, of Rouse's Point, N. Y., says: "Two years ago I had terrible boils on my face, and my blood was fearfully out of order. I began the use of Warner's Safe Cure; the boils left as if by magic, and I have never since been troubled with them."

If you are depressed, weak, run down by the influences of the season, follow the advice above given. You will certainly find it profitable and valuable. The renewing power of this great cure is beyond estimation. It stands, as it deserves to stand, at the head of all modern discoveries for the cure of sickness and the renewal of life.

Fatal Street Car Collision.

Chicago, April 15.—A Cottage Grove avenue cable grip car crashed into a Forty-third street horse car this morning probably fatally injuring two passengers, John Collins and Michael Leonard. The two car lines are both surface roads and cross each other at right angles. A misunderstanding between the car driver and the gripman as to which had the right of way caused the accident. The horse car, of which Collins and Leonard were the only occupants, was completely demolished.

What a debt of gratitude the world owes to such men as Drs. Ayer and Jenner—the latter for the great discovery of vaccination, and the former for his Extract of Sarsaparilla—the best of blood-purifiers! Who can estimate how much these discoveries have benefited the race!

TAKE your meals at The Milwaukee Cafe. ROBERT GRANT, Manager.

Officer A. H. Bratley
of the Fall River Police

Is highly gratified with Hood's Sarsaparilla. He was badly run down, had no appetite, what he did eat caused distress and he felt tired all the time. A few bottles of Hood's Sarsaparilla effected a marvellous change. The distress in the stomach is entirely gone, he feels like a new man, and can eat anything with old-time relish. For all of which he thanks and cordially recommends Hood's Sarsaparilla.

Is very important that during the months of March and April the blood should be thoroughly purified and the system be given strength to withstand the debilitating effect of the changing season. For this purpose Hood's Sarsaparilla possesses peculiar merit and it is the Best Spring Medicine.

The following, just received, demonstrates its wonderful blood-purifying powers:

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen: I have had salt rheum for a number of years, and for the past year one of my legs, from the knee down, has been broken out very badly. I took blood medicine for a long time with no good results, and was at one time obliged to walk with crutches. I finally concluded to try Hood's Sarsaparilla, and before I had taken one bottle the improvement was so marked that I continued until I had taken three bottles, and am now better than I have been in years. The inflammation has all left my leg and it is entirely healed. I have had such benefit from

Hood's Sarsaparilla that I concluded to write this voluntary statement.' F. J. TEMPLE, Ridgeway, Mich.
